

Rosanna is organising a picnic.  
She needs the following items:

48 Burgers
48 Bread Buns
48 Cheese Slices
600g of salad
150 cups
100 plates
18 bottles of Soda

There are 3 possible stores which she could buy from.

1. If Rosanna is only allowed to shop in one store, which store should she choose? Why?
2. If Rosanna can now buy different items from different stores, where should she buy each item? Why?
3. How much money will Rosanna save if she buys from different stores, rather than everything from one store?
